

Rockwell Parts

Rockwell Parts - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for technology, delivery, quality and service. They believe in working within an environment which supports the highest integrity with empowered teamwork, combined with a unyielding pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The business has put various programs in place to be able to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whichever questions or comments, as they are happy to share and promote this policy with a greater knowledge of their efforts. They are really devoted to improving and preserving the natural world. AxleTech has an EHS program which not just protects the natural environment but which also actively protects their staff and neighbors as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles for both military and commercial applications. These applications range from construction equipment to airport ground support. AxleTech specifically designs axles so as to meet specific application demands. They have more than 1000 different axle specs in their existing offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The company is well known in various military and commercial applications. They provide complete axle assemblies for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have added details that could be found in the "ISAS" product collection.
