

Forklift Electrical Parts

Forklift Electrical Parts - Lift trucks along with other lift trucks could have specific labels for use in some hazardous locations. The label indicates that this particular model of lift truck meets the minimum standards of ANSI/UL 553 used for electric lift trucks or ANSI/UL 558 utilized for internal combustion engine lift trucks.

Applications for marked lift trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for more info regarding the approved uses of industrial powered trucks in your application.

If the lift truck has been found to meet the outlined standards, the following labels may be put. A marked truck will have the model description located on the lift truck nameplate and will have one of the following labels attached.
