

## **Rotator for Forklift**

Forklift Rotator - There are various applications available for lift truck attachments. For instance, the forklift rotator could help rotating, lifting and moving drums and barrels. Different attachments can be utilized so as to lift carpet rolls and cartons, for pouring sand or waste materials. A few of the most regularly utilized lift truck attachments are the fork positioner, rotator, clamp, and side shifter attachments. These tools come in different dimensions to fit various forklift units. They are meant to hold heavy stuff and are a benefit to numerous factory and warehouse surroundings.
