Advance-Nilfisk Parts - Imagine how long and tedious it would be to tidy up after a party, with no assistance from machines. Not too long ago, the dust from carpets and upholstery had to be beat out of them by hand; brooms, brushes and cleaning cloths were the leading cleaning products at the time.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After founding his company during the year 1906, he started to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the beginning was to own a worldwide business advertising products internationally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single individual. This creation came in a time where numerous cleaning machines were huge and needed at least 4 operators, therefore, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning equipment provide a brilliant solution to an existing crisis; things get dirty and must be cleaned frequently, without too much effort.

Gradually but steadily, Nilfisk-Advance developed all through the decades. During the 1980s, this expansion truly took place the time the business became a part of the NKT Group. Their new owners' determination and concentration made Nilfisk-Advance take a huge leap forward within the industry, aspiring to be one of the largest universal players in the market of professional cleaning equipment. Nilfisk-Advance is now found in all parts of the globe due to gradually acquiring numerous smaller companies in order to expand their product portfolio and presence in new markets. They are proud to provide a range of cleaning solutions to meet every requirement.
